CARLISLE'S COMMITTEES

A Serious Problem That is Giving the Kentuckian Some Trouble.

WASHINGTON, D. C., Dec. 14.-It is whispered here that Carlisle and Morrison are having a somewhat serious time ever their Ways and Means Committee. White Carlisle had considerable support from the North, there was little of it that was of precisely the character that he would care to put into a committee of this nature. wants for it, of course, men who are en-tirely in accord with his views of tariff reform, and who are of sufficient ability and experience to cope with the cold heads on the other side, such as Kelly, Kasson and others, who will have to be given the mi-

nority places on the committee. Said an old politician who is inside the ring and watches the movements of the animals pretty closely: "You see there are plenty of men who would do well for the work, but they all come from the same sec-tion. Of course, Morrison is to be Chair-man. Carlisle told him that some time ago, and told him he wanted him to select his own associates, the only restriction being that he should find men well in accord with the tariff reform idea. Well, he went to work, his first move being to call upon Ran Tucker, or Virginia, and offer him place on the Committee.

Mysterious Drama. Naws York, Dec. 14.-Miss Rose E. Kolser, aged thirty years, of 163 West Forty-fourth street, committed suicide Thursday afternoon at the Windsor Hotel ty shooting herself through the head. Miss Reter was on a visit to Mr. and Mrs. Dunn who had a suite of rooms at the hotel, and without any apparent reason, she suddenly drow a pistol and shot herself in the head. Miss Ketser was a native of Utica, and had been employed for several months in this city by two large firms as stenographer. Officer Schofield, of the Windsor Rotel, eaid: "Miss Keiser drove up to the ladies" entrance of the hotel about 3 o'clock in the afternoon and walked up stairs to the suite of apartments on the second floor occupied by Mr. and Mrs. George Dunne. About an hour later I was informed that there was and heard loud talk in Dunne's room. After waiting a few minutes, I heard the report of a pistol, followed by a piercing scream. I then forced open the door and scream. I then forced open the door and found Miss Keiser lying on the floor with blood streaming from a wound in the head. Mr. and Mrs. Dunne were in the room, apparently horrorstricken. I raised the body up and laid her on a sofa. She opened her eyes and exclaimed "Oh, my God," then fell back and expired. Mr. and Mrs. Dunne then left the room. The Coroner was notified, and ordered the body of the undertaker's in the Bowery, and postponed the inquest." the inquest."

The attaches connected with the botel refused to give any more information about the affair. Mr. Dunne refused to see reporters, but it was learned that ten days ago he was married to a young lady connected with one of the best families in this country. At Miss Keiser's boarding house

it was stated she was a beautiful and ac-complished lady and loved by all who knew She kept regular hours and received no visitors. After the Coloner had taken Mr. and Mrs. Dunne's statement he exam-med the dead girl's body and found the following letter addressed to Mrs. Keiser, Utica, N. X. "Mothers Forgive me and pray to God

"Mother: Forgive me and pray to God to pardon your broken-hearted daughter. How I have suffered you can guess from this act. Curse the love that makes your defit thus forget you. I tried to conquer at, but no power of will could quench it. Pray for me—you do not know what this costs me. Think kindly of me. A Scheme to Dispose of a Bad Business, CINCINNATI, Dec. 14. - Father Francis Goetz, of the Holy Trinity Church, Dayton, has drawn up a plan by which he proposes to liquidate the Archbishop debt, and will present it as a motion before the meeting Bishops of this Diocese. It is in substance as follows: That collections be made in all the churches in this Diocese, begin-ning with Cincinnati, which shall be completed before the collections continue elsewhere. He has figured that to adjust this debt will require a contribution on the part of each Catholic in this Diocese of \$3.00. If the collections are fully made in this city, then they shall follow in the churches in this Archdiocese. Another plan he will suggest will be to let the debt fall upon the Catholic Churches in the country. He es timates that by this plan the debt can be adjusted by each member paying a fraction over fifty-eight cents.
